

ROC

Animal School

Talk with the Animals!

Have you ever wanted to howl with a wolf, or chat with a raptor? At ROC Animal School, you get to join our pack and learn everything you ever wanted to know about wild and domesticated animals from around the world.

Our talking characters act as animal intermediaries, answering any questions you have about their species. They are also ambassadors, educating people about ecology, biodiversity, and conservation.

ROC Animal School combines the arts with education to provide a unique, year-round experience. We strive to engage kids and families so they will become invested in their environments. We want them to care about how animals affect their lives, and vice versa.

ROC Animal School has a collection of programs with wolf, fox, bird of prey, and coyote characters for you to choose from. We also have holiday favorites Rudolph and The Easter Bunny available for seasonal festivities!

For More Information, Contact:
